

# WHY YOU NEED A MICROOFFICE

## MICROOFFICE PRIME

### ADVANTAGES OF MICROOFFICE PRIME

- A mobile office that can move around as needed.
- No structural changes necessary.
- Setup is quiet and done within an hour.
- Does not interrupt your office's workflow.
- Also acts as an acoustic object in your open space.
- Costs the same as a built-in phone booth.

Dimensions 1150 × 1000 × 2270 mm

**MICROOFFICE**  
SOPHISTICATED ELEGANCE

## BUILT-IN PHONE BOOTH

### DISADVANTAGES OF A BUILT-IN PHONE BOOTH

- Stays in one place, cannot take it with you when you move.
- Requires structural changes and approval from the building owner.
- Construction is loud, dirty and disruptive.
- Takes approximately a week to complete as multiple professions have to coordinate.

Dimensions 1000 × 1000 × 2500 mm,  
Front wall made of glass, other walls plasterboard
